Altin Tahiraj

COMPUTER ENGINEERING GRADUATE | CUSTOMER SUPPORT & IT SOLUTIONS

Albania | +355 68 692 4784 | altintahiraj357@gmail.com | linkedin.com/in/altin-tahiraj | github.com/altintahiraj

PROFESSIONAL SUMMARY

Computer Engineering student combining solid programming and networking fundamentals with strong customer-facing communication skills. Fluent in English (C1) and proficient in German (B1), with hands-on experience delivering technical solutions in team-based hackathons and full-stack web projects. Collaborative, quick to learn, and comfortable explaining technical topics clearly to both technical and non-technical audiences. Seeking a Working Student role in customer management at an international technology company.

SKILLS

Customer & Soft Skills: Customer communication & support, teamwork in multicultural teams, problem-solving & analytical thinking, time management & ownership

Programming & Web: Java, C++, C#, JavaScript, full-stack web development (Holberton School)

Networking: Network fundamentals (Cisco Network Essentials, CCNA path)

Languages: Albanian (native), English (C1), German (B1)

EDUCATION

Bachelor in Computer Engineering *2024 – Present*
European University of Tirana (EUT), Tirana, Albania

- Current student; awarded Certificates of Excellence for top academic results.
- GPA: 9.74

Full-Stack Web Development Program *2025 – 2026*
Holberton School Albania

- Completed training in modern full-stack web development, covering front-end and back-end projects, teamwork, and code reviews.

Network Essentials Course *2026*
Cisco

- Completed coursework in networking fundamentals aligned with the CCNA path.

IT Support Specialist Training *2025*
European University of Tirana

- Completed training in software and hardware maintenance.

WORK EXPERIENCE

Internship *2026*
Posta Shqiptare

- Completed a professional internship at Posta Shqiptare, supporting customer service and administrative operations and gaining hands-on experience in a public-service environment.

PROJECT & COMPETITION EXPERIENCE

Novartis Datathon — Hackathon Participant *2026*

- Collaborated in a multidisciplinary team to design and prototype a digital solution, achieving a top ranking among competing teams.
- Contributed to technical implementation and presentation, strengthening problem-solving, communication, and time-management skills under pressure.

Raiffeisen Bank Hackathon — Participant *2025*

- Developed a technology solution for the banking domain as part of a small team, ranking among the top teams in the competition.
- Engaged directly with mentors and stakeholders, gathering requirements and presenting the final solution with clarity and confidence.

Network Hackathon — Winner

- Won first place applying networking fundamentals in a competitive, hands-on hackathon setting.

Academic & Personal Software Projects

- Built several full-stack web applications, including management systems and e-commerce-style platforms, using JavaScript and modern web frameworks.
- Applied Git, code reviews, and agile-style collaboration practices learned through Holberton School projects.

ADDITIONAL CERTIFICATIONS & INFORMATION

- LEAPin Albania — Youth Leadership Conference (Certificate of Attendance).

Availability: Full-time, on-site Working Student (Customer Management) | Interests: Technology-driven customer support, software engineering, and networking
